

## **LDE UTC Clubs and Societies**

We are really pleased to present the 2023/24 clubs and societies.

Being part of a club or society demonstrates a learner's commitment to other activities outside of their studies which can be used to their advantage when it comes to applying to universities or employment. For example, memorable moments from your time at a club can make great discussion points in your interview.

These clubs / societies will provide a broad and balanced range of activities that will both be fun and engaging whilst also providing a wider set of knowledge and skills that will benefit us all.

We would encourage all learners to choose at least one of these exciting opportunities.

Please read through the clubs / societies below and then when you have chosen which ones you would like to join, click on the link that has been sent via email.

we hope to add more activities as we go through the year, Thank you

## Clubs and Societies

Creative Writing Society (Not Year 11)	3
Creative Writing Society (Year 11)	4
19th and 21st Century Fiction Society	5

Where: Equipment: Cost:	Sport	ts dock it Astro t	urf wa	ter bottl	e						

Description about what the society does:

For a second year running; 6 a side football. Based in Sports Dock, UEL which is a 8 minute walk from this end of the campus to the other end. Astro/3G/4G boots allowed. Not suitable for other footwear. There are changing rooms. Suitable for both men and women. Expect some basic warm up and training drills for the first 20 minutes as we then move on to matches. If there are more numbers than space on the pitch then expect rotations to occur during matches.

Details of suggested trips: Local football matches

Society identity:

Key Concepts	Skills and knowledge gained
o X	Improve your health, muscle mass, stamina
o X	etc.
o X	Train your brain, concentration, team work
	and coordination skills. Build character &

			Knowledge	Y
Society Name:	LEGO Play Lab		Skills	Y
			Wellbeing	Y
		-128	-	

Description about what the society does:

The LDE LEGO Innovation Programme comprises 4 Labs of which the Play Lab is our Club. This is an open ended, free play club that gives you the opportunity to make whatever you want ranging from simple models, to Minecraft figures, to robotics or mechanics!

LEGO Play is all about coming along to play! Create, Experiment, Prototype, Play and have fun! You can try out our Mindstorms EV3 or WeDo robotics or just build a big treehouse or a settlement on Mars! You can do free play or use the LEGO to do a class project, etc. Whatever you want to do, our LEGO Ambassadors will be around to support.

Details of suggested trips:
