

Dear Learner,

Results – Summer 2026

Firstly, congratulations on reaching the end of another important stage in your education. We recognise the hard work, commitment and perseverance that you have shown throughout the year, and we are proud of everything you have achieved.

Results Day is an important milestone and an opportunity to celebrate your achievements, reflect on your progress and plan for the next stage of your journey. Whether you are progressing to a university, an apprenticeship or another destination, our staff will be available throughout the day to provide advice, guidance and support.

Please read the information below carefully, as it contains important details about collecting your results and the procedures for reviews of marking, appeals and resits.

Collection of Summer 2026 Results

Your results will be issued on:

Thursday 14th August – Level 3 Qualifications

Results will be available for collection from **8:15am** in the Main Hall.

Please note that results will **only** be issued directly to individual learners and not to parents, relatives or friends.

To collect your results, you will need to:

- Bring your college ID badge as proof of identity.
- Sign for your results to confirm receipt.

If you would like someone else to collect your results on your behalf, you must complete this [Authorisation Form](#) by Monday 10th August to help us make the necessary arrangements.

Results will also be sent to your LDE UTC email account from **9:00am** on the same day.

Reviews of Marking and Appeals – Summer 2026

If you believe that a result does not accurately reflect your performance, the college can request a review of marking from the awarding organisation on your behalf.

During a review of marking, the exam board will check that marks have been awarded correctly and that the mark scheme has been applied appropriately. Following a review, your mark and grade may:

- Increase;
- Decrease; or
- Remain unchanged.

If you would like to request a review of marking, please contact exams@ldeutc.co.uk as soon as possible following receipt of your results.

If, following the outcome of a review of marking, you still believe that an error has occurred, you may request that the college submits an appeal to the awarding organisation on your behalf.

If you believe that the awarding organisation has not followed its appeals process correctly, you may request a review by Ofqual via the following link:

[OFQUAL: Appeal a qualification result](#)

Please note that Ofqual can only consider cases once the awarding organisation's appeals process has been completed.

Please note that a review of marking may result in your mark and grade increasing, decreasing or remaining unchanged. Learners should carefully consider this before requesting a review.

Review of Marking Fees

If you are within one mark of achieving the next grade boundary in your original exam, LDE UTC will cover the full cost of the review of marking. Your teacher will be in contact with you to ask if you are happy to do this on your behalf.

You must respond to them, copying in exams@ldeutc.co.uk before we can proceed.

If you are more than one mark away from the next grade boundary and still wish to request a review of marking, you will be required to pay the relevant fee. Should the review result in an improved grade, the fee will be reimbursed in full. Payment must be made via ParentPay before the request can be processed.

Where a Curriculum Lead judges that a learner's performance was likely to have achieved a higher grade, a case may be made for the college to fund the review of marking, even where the learner is more than one mark from the grade boundary.

Resit Fees

If you wish to resit an examination in the summer of 2027, you will be required to pay for the examination entry. Should you improve your grade following the resit, LDE UTC will reimburse the examination fee in full.

To express an interest in a resit, please email exams@ldeutc.co.uk, stating the qualification(s) you wish to retake. A member of the Exams Team will then contact you with further information regarding the process and associated costs.

The formal examination entry process will commence in January 2027.

Learners who are eligible for Free School Meals or who receive a college bursary may contact us to discuss support towards resit fees.

We recognise that Results Day can be both exciting and nerve-racking. Please remember that support and guidance will be available throughout the day, and we encourage you to speak to a member of staff if you require assistance with your next steps.

Kind regards,

The Exams Team
