

Andrea Peiris Lead Practitioner – Mathematics

Andrea has held various positions of responsibility over the last 16 years from a Key Stage Leader to the Head of Maths to a Lead Practitioner to Trust Director in East London and Essex schools. These roles have given her a range of experience in making rapid progress in schools.

She joins LDE UTC as Lead Practitioner and Head of Maths and is looking forward to help shape the future of the Maths department.

She qualified as an Engineer from the University of Bristol in 2000 with first class honours and has worked as a financial consultant in London and Europe for 3 years before starting her teaching career in 2004. Working in industry has given her an appreciation of the doors Maths can open up for any career path.

In her spare time, Andrea loves spending time with her family, painting and travelling.
