

20<sup>th</sup> January 2022

Dear Learners, Parents/ Carers staff and Directors

The Prime Minister has announced that most Plan B measures will be removed in England from today. This means that from today, learners, staff and visitors are still required to wear face coverings when in our communal areas and on public transport but no longer have to wear them in classrooms and teaching spaces.

I would like to remind you all to continue taking the LFD tests twice weekly and reiterate the importance of reporting LFD test results to the national COVID-19 reporting system as it is the only way to establish a true picture of asymptomatic cases locally and across the country as a whole. Clearly this is in everyone's best interests, and I would be grateful, therefore, if you could remember to report all LFD results, but in particular positive results, online [here](#). You still of course need to report your results to us [here](#) at the college and if positive send in a photo of the positive LFD test with your absence notification.

Many thanks for your continued support and co-operation during these challenging times.

Yours sincerely,

**Geoffrey Fowler**  
CEO & Principal
