

Dear Parent/Carer,

**Are you able to help?**

At LDE UTC, we are building something extraordinary: an education where employers and educators work hand in hand to prepare young people for the future. Many of our most powerful opportunities for learners come directly from the support of parents, families, and their networks.

Through our model of employer engagement – **Inspire, Create, Skills, and Experience** – there are many ways that you could get involved:

- **Inspire** – *Masterclasses & Employer-Led Talks*  
Share your career journey, deliver a talk, or help co-design projects that bring subjects to life. These moments ignite ambition and show learners what's possible.
- **Create** – *Live Industry Projects*  
Set a project brief linked to real challenges in your industry. Learners apply their knowledge to solve problems creatively, gaining hands-on experience while showcasing your company's expertise.
- **Skills (Prepare)** – *Mentoring & Apprenticeship Pathways*  
Support learners by mentoring, offering feedback on CVs or portfolios, or recruiting from our talent pool.
- **Experience** – *Apprenticeships, Placements and Work Experience*  
Offer short-term or extended placements that allow learners to step into the workplace, develop resilience, and build professional networks. Or let us manage your company's apprenticeship provision.

We already work with many outstanding employers, but our learners' potential is limitless, and with your help, we can open even more doors.

If you, your employer, or someone in your network could support in any way, big or small, please contact our Head of Strategic Partnerships, Candice Henry on [candice.henry@ldeutc.co.uk](mailto:candice.henry@ldeutc.co.uk). Every connection matters, and every offer of support makes a real difference for our learners.

Thank you for being part of our LDE UTC community and for helping us prepare the next generation to thrive.

Warm regards,

Geoffrey Fowler

CEO & Principal
