### **Guidance on version Control:**

*The above is an example of how to complete the Version control table.*

*Versions are 0.1, 0.2 etc until such point as the document is approved. Then it becomes version 1.0.*

*Subsequent edited versions become 1.1, 1.2, or if it's a major update, 2.0. Do not worry about the numbers going up and up its about getting the policy right – it's all fine.*

## 1. Introduction

London Design & Engineering UTC Academy Trust (the “Trust”) is a single academy trust (SAT) and is the legal body responsible for the running the London Design & Engineering UTC (the “LDE UTC”). The Trust’s Board of Directors is accountable in law for all decisions about the LDE UTC. However, this does not mean that the Board is required to make all the decisions itself. Many decisions can and should be delegated to the Principal/CEO and the Board’s Committees. It is vital that the decision to delegate a function is made by the full Board of Directors and is recorded. Without such formal delegation, the individual or Committee has no power to act.

## 2. The Purpose of the Scheme of Delegation

A scheme of delegation (SoD) is the key document defining which functions have been delegated and to whom. It ensures Members, Directors, Committees and the CEO/Principal are clear about who has responsibility for making which decisions within the Trust.

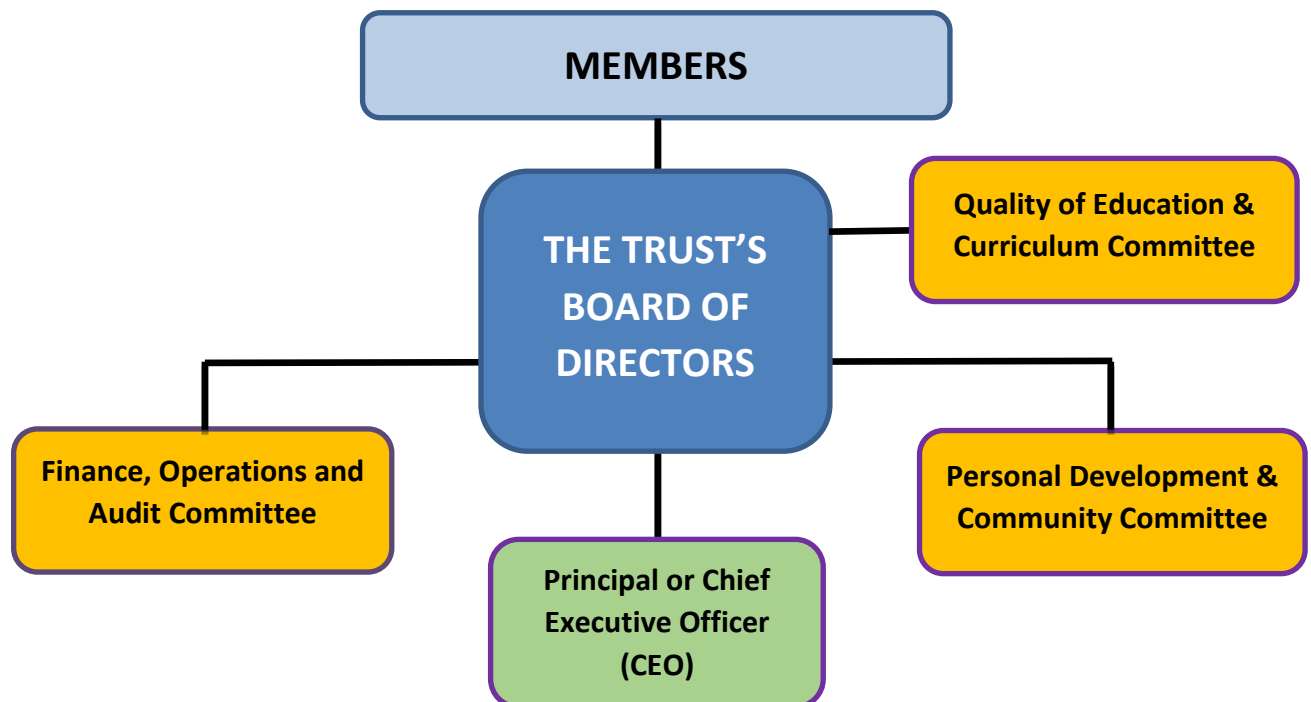

Deciding what to retain at Board level and what to delegate will vary from trust to trust. The detail will not be set out in the articles of association, the Trust’s governing document. This is why it is critical that Trusts agree a SoD that explicitly establishes who makes which decisions, and ensures this is clear to all of those within the Trust.

As Trusts mature and grow the workings of the Trust, both in terms of governance and management are likely to change. The SoD should be reviewed annually, with revisions made as the context changes, if necessary, each year. It is important to ensure that all involved in governance are made aware of any changes and what these mean in practice.

### **An effective scheme of delegation will:**

- Ensure the Principal or CEO is clear about which decisions the Trust Board of Directors remain in control of.
- Ensure that the role of the Principal or CEO is fully understood throughout the Trust.
- Promote a culture of honesty and accountability.
- Identify responsibility for the appointment and performance management of the Principal or CEO
- Identify responsibility for policy and practice in the LDE UTC.
- Identify responsibility for oversight of the LDE UTC’s budget.
- Identify responsibility for assessment of risk in the LDE UTC.
- Identify responsibility for oversight of educational performance in the LDE UTC.

### 3. The LDE UTC's Governance Structure

### 4. Governance Structure and Lines of Accountability

The Board of Directors of an academy trust delegate responsibility for delivery of the vision and strategy to the lead professional of the Trust, who is the Principal and is increasingly being termed as a Chief Executive Officer (CEO). The Trust Board will hold the Principal/CEO to account for the performance of the Trust, including the performance of the academies within the trust. The Principal/CEO in turn holds other senior leaders to account by line managing them. The senior leadership structure will vary from one Trust to another but it is important that any scheme showing what is delegated by the Board includes delegation to the senior leaders as well as to the Committees of the Board of Directors. While the Board cannot ever delegate its accountability, it can and must delegate some of the detailed scrutiny, oversight and decision making.

In this scheme of delegation (SoD) the Board of Directors delegates responsibility for the performance of the LDE UTC, to the Principal / CEO. This means that as the Principal/CEO is accountable to the Board for the performance of the LDE UTC as a whole, the Principal / CEO will report to the Board on the performance of the LDE UTC, although this may be supplemented by monitoring reports from each of the Committees.

The Principal / CEO is performance managed by the Board of Directors. The Principal / CEO performance manages the other senior leaders at the LDE UTC.

### 5. Roles and Responsibilities

#### 5.1 The Role of Members

The Members of the Trust have a different status to the Directors. Originally, they will have been the signatories to the Memorandum of Association and will have agreed the

Trust's first Articles of Association (a document which outlines the governance structure and how the Trust will operate). The Articles of Association will also describe how Members are recruited and replaced, and how many of the Directors the Members can appoint to the Trust Board. The Members appoint Directors to ensure that the Trust's charitable object is carried out and so must be able to remove Directors if they fail to fulfil this responsibility. Accordingly, the Trust Board submits an annual report on the performance of the Trust to the Members. Members are also responsible for approving any amendments made to the Trust's Articles of Association.

While individually named Members are permitted to be appointed as Directors, in order to retain a degree of separation of powers between the Members and the Trust Board, and in line with DfE expectations, not all Members should be Directors. Members are not permitted to be employees of the academy trust.

## **5.2 Role of Directors**

The Directors are the charity trustees (within the terms of section 177(1) of the Charities Act 2011) and are responsible for the general control and management of the administration of the Trust in accordance with the provisions set out in the Memorandum and Articles of Association. The Board of Directors is the accountable body for the performance of the LDE UTC and as such must:

1. Ensure clarity of vision, ethos and strategic direction;
2. Hold the Principal / CEO to account for the educational performance of the LDE UTC and its learners, and the performance management of staff; and
3. Oversee the financial performance of the LDE UTC and make sure its money is well spent.

As Directors are bound by both charity and company law, the terms 'trustees' and 'directors' are often used interchangeably. LDE UTC uses the term Directors.

The Board of Directors is permitted to exercise all the powers of the academy trust. The Board of Directors will delegate to the Principal / CEO responsibility for the day to day operations of the LDE UTC. The Directors can determine whether to delegate any governance functions or not.

The Trust has the right to review and adapt its governance structure at any time which includes removing delegation.

## **5.3 The Role of Committees**

The Board of Directors may establish Committees either with delegated authority to make decisions or for the purpose of providing advice and support, informing the overall work of the Board. However, these Committees are not legally responsible or accountable for statutory functions – the Board retains overall accountability and responsibility. The responsibilities of Committees are set out in their terms of reference. The Board of Directors may appoint Committee Members and Committee Chairs.

## **5.4 The Role of the Principal or Chief Executive Officer (CEO)**

The Principal or CEO has the delegated responsibility for the day-to-day operation of the LDE UTC and performance manages the UTC's management staff (Leadership Team).

The Principal / CEO is also the accounting officer. So has overall responsibility for the operation of the LDE UTC's financial requirements and must ensure that the UTC is run with financial effectiveness and stability; avoiding waste and securing value for money.

## 6. Delegation Grid

Below is a grid, with columns for each layer of governance, and rows to show who has the power to take which decisions within the Trust. The grid is in four key areas to reflect both the governance framework and the three core functions of the Board of Directors:
