

16th April 2021

Dear Parent / Carer,

We hope that you have had a safe and refreshing break.

This is a reminder of two important actions to take in preparation for the return to school on Monday 19th April.

Firstly, please continue to use your twice weekly, lateral flow home testing kits. We will be replenishing home testing kits upon our return.

Your next home test should be completed on Sunday evening before returning to college on Monday.

Remember to register this result on the [LDE UTC website](#).

Also, the government has confirmed that face coverings should continue to be worn in secondary school classrooms as a precautionary measure when learners return after the Easter break.

Be prepared to bring and wear your masks on public transport and in college on Monday.

Face coverings will continue to be worn by learners inside of classrooms where social distancing is not possible. Face coverings will also be worn in corridors and communal areas, except when learners are eating. Those who are currently exempt from wearing face coverings will remain so.

All timings (beginning and end of day) remain the same as we begin the summer term.

We look forward to seeing our learners in college on Monday.

Stay safe.

Yours faithfully,

Geoffrey Fowler
Principal & CEO
