

Yetunde Bashorun, an accomplished Teacher of Technical Subjects, boasts a distinguished career spanning over 14 years as a Design and Technology Teacher and subject Leader in London. Her dynamic journey includes pivotal roles such as 2nd in Charge of Design and Technology, where she contributed significantly to the department's vision. As an E-learning Lead, Yetunde harnessed technology to elevate educational experiences, and her management of KS3 & KS4 Progress and Achievement has reinforced her commitment to student success.

Holding a solid educational foundation, Yetunde earned a BSc in Product Design in 2008, followed by completing a Graduate Teaching Program in 2009. Her dedication to professional growth is evident in her attainment of the National Professional Qualification in Middle Leadership in 2022. She continues to lead in various educational areas, emphasising the seamless integration of ICT with Design and Technology, showcasing her multifaceted expertise.
